Proven Advantages

- Fire rated 5VA enclosure
- Tough, long-lasting construction with an all new fiberglass shell
- New non-slip, easy-clean surface
- Even and consistent heat - get the right amount of heat to your pigs at the right time
- Less crushing and lay-ons, leading to a lower mortality rate
- Consistently improved weight per litter
- Safe operation - no shocks - no fires

Hog Hearth offers the world's most energy-efficient farrowing heat mat.

Hog Hearth heat mats represent the industry's pinnacle of safety and performance. Our mats, crafted with precision, are known for their exceptional attributes, including high-impact strength and rigidity. Notably, they achieve a coveted 5VA fire (flame) rating, emphasizing their remarkable fire-resistant qualities, providing warmth and peace of mind. Moreover, their superb resistance to material degradation and excellent corrosion and chemical resistance ensure a long operational life, making them a durable choice for livestock comfort. Adding to their efficiency, Hog Hearth incorporates a high-density R-value insulation layer, making them the top choice for energy efficiency and animal welfare. Our products are engineered to deliver superior performance and reliability, setting the standard for agricultural heating solutions.
